

smart floor cleaning system

Ergonomic handle with built-in refillable reservoir and triple spray nozzle for fast and easy cleaning of any floor

Innovative floor cleaning system

- User-controlled release of solutions for optimal cleaning.
- Minimized scrubbing and increased efficiency.
- Cleans more square feet in less time.
- Outlasts generic microfiber mops which lose effective cleaning properties after 20 washes.
- Safe for every surface.

Advanced microfiber technology

- Hygienic & environmentally friendly cleaning.
- Removes 99% of surface bacteria from non-porous surfaces without chemicals.
- Helps reduce cross-contamination.

Sprekler package

- Handle with built-in refillable reservoir and triple-spray nozzles 57 inch.
- Aluminum frame with Velcro hook & loop fastener 15.75 inch.
- Twistmop pad with Velcro hook & loop fastener 17.75 inch.
- Fill bottle 16 oz.

Fill Sprekler with **Aquaox Cleaner 112** for periodic use. Removes biofilm and lift dirt from all floors!
