

Safety Net APS

Commercial Air Purification System- Mini

A Photohydroionization® (PHI) Technology

Reduces Airborne

- Smoke •Mildew / Mold
- Odors •Bacteria

Optional Absorbers

- Grease & Oils- Restaurants
- Mercury - Dental offices, Labs

Benefits

- Economical
- Maintenance Free (yearly)
- 10,000 Hour Cell Life
- Light weight
- Compact
- Versatile mounting options

Part# CAPS-MINI-16

Ideal for most offices, doctor / dental offices, nail salons, pet groomers, veterinarians and more!

Restaurant:

Restaurants have airborne FOG (Fats, oils and grease) problems . Grease has been linked to cancer.

Dental Offices:

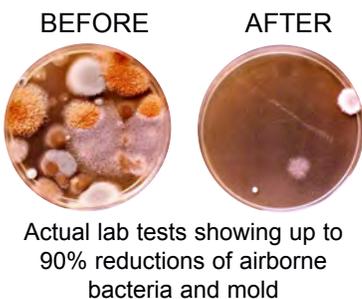

Fillings referred to as “silver” or amalgam contain mercury. The drilling of these fillings asperates the mercury which is linked to nerve damage and mental problems.

The Problem:

Indoor air pollution is now considered by the EPA and Congress to be America’s No. 1 environmental health problem. Tightly sealed buildings and homes may be more energy efficient but can trap pollutants and microbes indoors causing allergies odors, mold and illness.

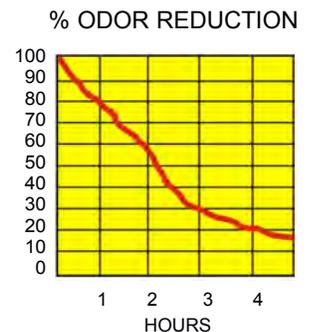

The Solution:

The APS Mini has proven to drastically reduce airborne odors, mold, and bacteria in the 90+ percentile along with significant smoke reduction. Airborne FOGs also are reduced over 90% for restaurant applications and mercury is reduced over 90% for dental applications.

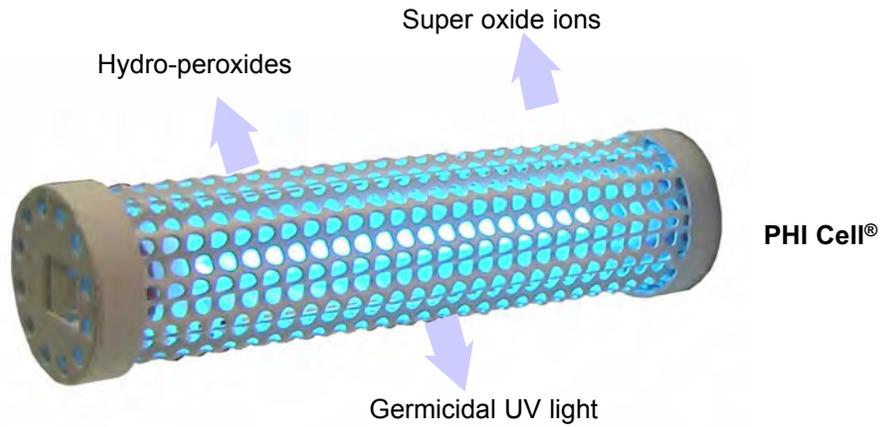

SPECIFICATIONS

Dimensions:	6.25” h x 6.25” d x 18” w
Electrical:	110 VAC
Controls:	On / Off
Weight:	5 lbs.
Material:	Stainless Steel/ Polymers
Advanced Oxidation:	Less than .04 ppm
PHI Cell Part#	PHIC-5A

The Technology:

The APS Mini utilizes a Photohydroionization® Cell which utilizes super oxide ions, hydro peroxides, passive negative ions and uv light targeted on a hydrated quad-metallic target to develop a advanced photo-catalytic oxidation.

The resulting Advanced Oxidation reduces airborne mold, bacteria and odors over 90%. The restaurant option include a FOG absorber which captures over 90% of airborne FOGs. The dental option includes an airborne mercury absorber which can remove over 90% of airborne mercury.

Optional vertical stand
Part# OP-002T

Absorbers

FOG Cartridge	FL-012T
Mercury Cartridge	FL-013T
VOC Cartridge	FL-014T
